Cross-Enrolling with Pathways

A student is considered cross-enrolled with Pathways if they are taking **only a few courses with Pathways** and most of their courses at another school. If so, check the 'cross-enrolled' box in the section above. It is important to know, because Pathways is required to provide the main school with final marks for courses taken with Pathways. This step ensures student records/transcripts are updated and credits are given for courses completed here.

Note: If Pathways is your main school, do not check the boxes in the section above. If, at any point during the year, one of your children takes an additional course at another school, please inform your teacher. We need to ensure we receive final marks from that school, otherwise that course may not be included on the student record/transcript.

School Policies

Pathways Academy policies can be found on the homepage of the school website in the 'About' menu.

Third-Party Services: Families are encouraged to make use of third-party services for educational opportunities that teachers and/or parents are unable to provide (eg. swimming lessons, art classes, etc.). Parents are required to collaborate with their teacher to ensure the service meets a specific need in the Student Learning Plan. Parents are also required to connect the service provider with Pathways Academy and ensure the school receives an invoice. All invoices and payments must be paid directly by Pathways Academy. Parents cannot be reimbursed for payments made with personal funds. All third-party service providers must have a current Criminal Record Check in place prior to submitting invoices. The service provider is also required to provide a business number (or social insurance number if a business number does not exist).

Learner Safety and Health: As an online school community, Pathways Academy does not have physical brick-and-mortar school premises. Student life occurs under the direct supervision of the parent or guardian. Therefore, when students are at third-party locations, it is the responsibility of the parent or guardian to evaluate that location for any safety or health risks and to supervise their child's behavior.

I/We know where to locate Pathways Academy Policies, and I have read and understand the policy information in this section.

Privacy Policy

At Pathways Academy (PA), we seek to be open and honest regarding student and family information. We seek to uphold standards set out by the Personal Information Privacy Act of 2004 (PIPA). PA asks for your permission and consent in collecting personal information needed for enrollment. This includes copies of birth certificates, legal guardianship and court orders (if applicable), behavioral, academic, and health information, most recent report cards, and other similar information. PA uses personal information as follows:

- To communicate with parents and students, to make an informed decision as to your child's suitability and appropriate placement in the school, to process applications, and ultimately to provide students with the educational services and co-curricular programs you expect.
- To enable the school to operate its administrative function.
- Health, psychological, or legal information may be used to provide certain specialized services in those areas or as adjunct information in delivering educational services.
- When required by law: The type of information the school is legally required to disclose most often relates to family court issues, legal proceedings, court orders, and tax reporting requirements. Student information will be submitted to the Ministry of Education as required to establish eligibility for student funding and to maintain student records. Only the information specifically requested is disclosed and the school takes precautions to satisfy itself that the authorities making the request have legitimate grounds to do so.
- When permitted by law: The school is legally permitted to disclose some personal information in situations such as an investigation of illegal activities, reasonable methods to collect overdue accounts, a medical emergency, or suspicion of illegal activities, etc. Only pertinent information is disclosed.
- To request student educational records. As part of the application and acceptance process, PA may specifically request information from previously attended Distributed Learning (DL) schools regarding your family's engagement in the DL program.

If, for any reason, personal information is required to fulfill another purpose, the school will, where appropriate, notify you and ask you for your consent before the school proceeds. The school does not sell, lease or trade information about you to other parties. The school will securely store all digital and hard copies of parent and student personal information. For more information, the privacy officer for PA is Mr. Ron Ammundsen, and he may be reached at ron.ammundsen@pathwaysacademy.ca.

I/We consent to the collection, use and disclosure of such personal information for the above uses. All of the information I provide will be current and accurate.
